ZAS

The third volume in this series of African Historical Dictionaries is devoted to one of Africa's smaller countries, the Kingdom of Swaziland. But, rather than diminishing its importance, this "dictionary" shows the real value of the series. It not only has the most up-to-date information on

To the people of Swaziland, may this volume be of service.

To the writers on Swaziland who have preceded me and whose work has been of great assistance to me, especially, to J. S. M. Matsebula, The Hon. S. S. Nxumalo, Christian Potholm, and Hilda Kuper.

To my parents, Aurelia and Isadore John Grotmeter. It is not possible to thank them enough.

Of particular importance in this dictionary is that, as with its predecessors, it has been possible to bring together a vast collection of reference works in a bibliography such as has perhaps never before been compiled on Swaziland. This, we hope, will be one of the major aids to the student, the teacher, and the historian, for whom this series was designed.

The author of this volume, Dr. John J. Grotmeter, is presently Professor of Political Science and Director of the Liberal Arts Division at the St. Louis College of Pharmacy and Lecturer in African Politics at St. Louis University.

# BIBLIOGRAPHY: TABLE OF CONTENTS

|                              |     |
